SHOULD RADIATE YOUR STYLE**

DESIGN SPECIALTIES

Making your fireplace the focal point.

Find the look you've wanted all along.

If you have a factory built fireplace, you're no longer limited to the factory doors.

Design Specialties offers a fashionable collection created just for the fireboxes of most homes. Finally you can update your fireplace with doors that truly express your decorating style. And because they're individually-crafted to your specifications, they'll fit precisely and look completely original.

Browse through the Expressions Series and transform your fireplace into the one it was always meant to be.

Expand your view.

- Slim, finely crafted style complements your fireplace, but never competes with the fire
- Subtle 1" rounded Silhouette ZC with inside fit is one of our most popular doors for factory built fireplaces
- Shown: Silhouette ZC in Brite Brass

SILHOUETTE ZC

A dramatic performance.

- The play of light and shadow created by a 3/4" stepped radius/ogee with inside fit adds depth and drama
- Shown: Shadow ZC in Natural Iron

SHADOW ZC

Simple style, slim fit.

- At 1/2", the Stiletto is pure stealth – the slimmest of our zero clearance designs
- Fits inside the fireplace opening for an especially sleek look
- Fold back bi-fold doors
- Shown: Stiletto ZC in Flat Black

STILETTO ZC

The classics are always in style.

- Timeless style is always in good taste
- Clean lines and classic proportions in a 1 3/4" frame, with overlap fit
- Fold back bi-fold doors

Why glass fireplace doors?

Glass fireplace doors from Design Specialties are a beautiful, practical alternative to free-standing screens. Choose them for all the right reasons:

- Safety – protect children and pets from unstable screens, sparks and flames.
- Energy – keep warm air inside your home, minimize the intrusion of cold drafts.
- Beauty – a Design Specialties door is 90% art, 10% function, 100% delight!

*Bronze Patina, Antique Iron and Forged Iron are hand-applied finishes and will have some variations; powder coated finishes can vary from samples.
