

# *F*HEARTH AND HOME SERIES

Aluminum doors for masonry fireplaces

*E*LEVATE THE  
ENVIRONMENT OF YOUR HOME

**DESIGN SPECIALTIES**

*Making your fireplace the focal point.*

# Your fireplace not only warms, but also inspires.

The very presence of a fireplace elevates the ambience of a room. It becomes the focal point and influences every decorating decision. A premium quality fireplace door is like a frame around a masterwork of art. The Hearth and Home Series offers you a fashionable range of affordable choices from contemporary to traditional with finishes to match. Let the doors from Design Specialties open your home to a new sense of style.

### Minimum frame, maximum flame.

- A subtle 1" rounded design draws a fine line of style around your fireplace
- Flexible design can be mounted to fit inside or overlap the opening. The Cutback option allows most of the frame to recess into the fireplace opening creating an incredibly smooth look.
- Shown: Silhouette in Antique Brass, 3 sided frame with draft

## SILHOUETTE

Overlap Fit

Cutback Fit

Inside Fit

### Keep it sleek.

- Decorative ogee profile with a 1" stepped radius that adds depth and style
- Beautifully complements smooth fascias such as marble, tile and brick
- Flexible design can be mounted to fit inside or overlap the opening. The Cutback option allows most of the frame to recess into the fireplace opening creating an incredibly smooth look.
- Shown: Shadow in Satin Nickel, 4 sided frame

## SHADOW

Overlap Fit

Cutback Fit

Inside Fit

### The slimmest fit.

- A slim 7/8" frame is a best seller, preferred as an inside fit design for stone or uneven fireplace surfaces
- Flexible design can be mounted to fit inside or overlap the opening. The Cutback option allows most of the frame to recess into the fireplace opening creating an incredibly smooth look.
- Shown: Stiletto in Flat Black, 3 sided frame with draft

## STILETTO

Overlap Fit

Cutback Fit

Inside Fit

### Admire the view.

- Featuring a narrow frame on top and bottom only, this door boasts the maximum glass design
- Available as an inside fit only, the Elite blends effortlessly with your fireplace décor
- Shown: Elite Bi-fold in Brite Brass

## ELITE

## The classics are always in style.

- Ever-popular for a good reason: timeless style
- 2" standard outer frame emphasizes simple, classic proportions
- Shown: Brookfield in Classic Bronze, 3 sided frame with draft

## BROOKFIELD

## Modern geometry.

- Straights and curves complement one another in this contemporary design, defined by a 2" radius frame
- Choose from numerous standard sizes
- Shown: Phoenix in Mahogany, 4 sided frame

## PHOENIX

## The height of fireplace fashion.

- "Cutting Edge" design in sharply distinctive 2" frame
- One-of-a-kind design makes your fireplace a fashion statement
- Shown: Apex in Natural Iron, 4 sided frame

## APEX

## Be original.

- One of our original designs that remains a favorite.
- 2" frame-within-a-frame design is reminiscent of colonial times.
- Shown: Madison in Copper Vein, 4 sided frame

## MADISON

### Rave reviews.

- From the beginning, it has been praised by the critics (like you)
- Simple but elegant; precisely mitered 3" frame complements every décor
- Shown: Savannah in Antique Brass, 4 sided frame

### SAVANNAH

### Framed fine art.

- Another of our original designs that's ever-popular
- Ornate detailing of 3" outer frame dramatically enhances a simple fireplace
- Shown: Bedford in Brite Brass, 4 sided frame

### BEDFORD

### Stunning from any angle.

- Design Specialties has the corner on innovation
- Our patented all-glass corner eliminates cover-up metal strips, for the most seamless appearance available
- Custom designed doors to fit virtually any multi-sided fireplace
- Shown: Shadow Corner Unit in Brite Brass
- All models in this brochure are available as corner units

### CORNER UNIT

### Maximum efficiency.

- Increase the efficiency of your wood burning fireplace
- Reduce heating cost
- Designed to fit your door of choice - any style
- Available with doors that are 3 sided with draft assembly
- Shown: Grate Heater behind Brookfield in Vintage Iron

### GRATE HEATER

Before

## Refined in every detail.

- Unparalleled craftsmanship. Exceptional fit and finish. Hand-crafted to fit your fireplace exactly.
- 1/4" tempered glass. Able to withstand high temperatures and resist breakage. Backed by a Lifetime Warranty.
- Fold back bi-fold doors standard. Tracked bi-fold and cabinet style twin doors also available.
- Optional mesh curtains or gate mesh doors available.
- Customized finishes. A wide range of Anodized and Powder Coated finishes to suit your tastes.
- Personalize your design with a wide variety of glass colors and handle possibilities.
- Choose either a 3-sided frame with a draft assembly or a 4-sided frame with or without a draft assembly. All models are available as Twin or Bifold units. Multi-sided units can be made with Twin, Bifold or Stationary sides.
- One-of-a-kind design. Each Design Specialties door is hand-crafted to order by skilled metal workers. Slight variations in color due to the finishing processes only confirm the uniqueness of each design.\*

## Why glass fireplace doors?

Glass fireplace doors from Design Specialties are a beautiful, practical alternative to free-standing screens. Choose them for all the right reasons:

- Safety – protect children and pets from unstable screens, sparks and flames.
- Energy – keep warm air inside your home, minimize the intrusion of cold drafts.
- Beauty – a Design Specialties door is 90% art, 10% function, 100% delight!

\*Anodized and powder coated finishes can vary from samples.
